Dear Mr. Kharrubi,

This letter is to inform you that your revised septic design application for the subject property has been approved by the Health Department. The revised septic plans dated 10/20/2023 by Bayer-Risse Engineering are for a 2-bedroom dwelling.

Be advised, this application is subject to review by other municipal departments for compliance due to the lot size. (0.2 acres) Variances will likely be required before you can begin construction.

Sincerely,
