

REAL ID Appointments

New Jersey Motor Vehicle Commission's Mobile Unit visits the Montgomery municipal center and other municipalities periodically to assist those needing appointments for REAL IDs.

Montgomery announces these dates in the Township Ebulletins and on this website. Get your updated driver's license quickly and easily right at the municipal building or a nearby location. First go to [NJ MVC's Mobile Unit REAL ID Appointment Portal](#) to book a time slot.

You must have an appointment to get a REAL ID. Walk-ups are not available due to the amount of time document verification takes for each appointment.

You may also make an appointment at a regular Motor Vehicle Commission location. Visit [NJ MVC's REAL ID Appointment Portal](#).
