

Don't miss out, get the message!!!!

With the help from Community Pass, Montgomery Recreation now has the option to send texts to your cellphone. We will only text you regarding the programs that you register for. This is a great feature that will help us get notification quickly to you and it's easy to set up!

Log into your Community Pass account

Click on "Update Account Information" in blue on the home page

Click on edit next to Primary Contact

Type in your cell phone number

Check the box next to receive alerts via text messaging

Choose your mobile provider from the drop down menu

Click on Update Account and you are done!

You may also do this for any adults that are also in your Community Pass account. Click on Update Account Information and you will see a list of names at the top. Click on "edit" next to the other adult and there you will be able to add their cell phone number too. Here is also where you may update and add additional emails as well.

Please contact us with any questions, 609-466-3023 or email [recreation@twp.montgomery.nj.us](mailto:recreation@twp.montgomery.nj.us)

Thank you!

Montgomery Recreation Department
