One Year Extension of Amended Site Plan and D(3) Conditional Use Variances

Sara Szymborski, Esquire represented the applicant. The application was approved in 2012 for a Sunoco fuel station and retail store which was later amended in 2014 to include the sale of diesel fuel. The applicant was required to apply for and obtain the construction permit by January 21, 2015. From that point they have two years to commence and complete construction. Due to a change in the ownership of Sunoco things have been held up. The construction permit was applied for in April 2014 but has not been obtained. The applicant is requesting a one or two year extension through the end of 2017 to obtain the permit.

Laurie Pettengill, Construction Engineer with Sunoco, remains under oath since she previously testified in this matter before the Board. Ms. Pettengill explained the acquisition of Sunoco.

Joe Jaworski, Dynamic Engineering, remains under oath since he previously testified in this matter before the Board. Mr. Jaworski gave a history of the site and application. The outside agency approvals are valid through June 2016. Requests for an extension through the end of 2017 have been submitted.

Ms. Szymoborski distributed and discussed a memorandum dated January 19, 2016 summarizing the status of the conditions. The sight triangle easement still needs to be recorded.

Chairman DeRochi opened the meeting to the public. There being no public comment, the public session was closed unanimously.

The extension is conditioned on obtaining the outside agency approvals. If the extension of the outside agencies is not received, the project cannot be constructed.

The Board discussed the resolution condition regarding the time to obtain the building permit. An extension is needed beginning in 2015. The Board will grant an extension to 2017 and they could request one more if needed.
