### *Kid Connection: Introduction*

Kid Connection provides an age-appropriate social and academic environment for 3, 4, and 5 year-old students (born on or before October 1<sup>st</sup>). Our highly qualified, certified teachers are caring, patient and very experienced in working with young learners.

The curriculum provides a sequential building of skills, both social and cognitive, maximizing each child's potential, to make a smooth transition to the school district's K-2 Orchard Hill Elementary School.

In addition to large and small group instruction, children build with blocks, play in housekeeping, water and sand tables, and writing centers on a daily basis. We are a traditional preschool, where you will see the children's art work displayed in the classrooms and in the hallways.

Music and movement classes are offered as "specials" and are included in the program.

Attend our open houses and see why we are perfect for your preschool-aged child.

### *Why Kid Connection?*

Our young Kid Connection children ...

1. Develop a lifelong love of learning
2. Grow socially and academically.
3. Are encouraged to use their imaginations and critical thinking skills.
