

MINUTES FOR
MONTGOMERY TOWNSHIP COMMITTEE MEETING
August 6, 2020

1. Montgomery Township Committee met at the Municipal Building, 2261 Van Horne Road, Belle Mead, NJ at 7:00 p.m. on the above date. Those present were:

TOWNSHIP COMMITTEE: Mayor Jaffer, Deputy Mayor Schuldiner, Committee members Keenan and Huang
Committeewoman Gural was absent

Also present were:

TOWNSHIP ATTORNEY - Kevin Van Hise, Esq.

TOWNSHIP ADMINISTRATOR - Donato Nieman

CHIEF FINANCIAL OFFICER - Michael Pitts

TOWNSHIP CLERK - Donna Kukla

2. Mayor Jaffer stated the following: "Although this meeting is the regularly scheduled meeting of the Montgomery Township Committee, due to the State of Emergency that exists as a result of the COVID-19 Coronavirus crisis, and in accordance with Executive Order No. 104 issued by Governor Murphy on Monday, March 16 limiting public gatherings, this meeting is being held virtually by webcast, simulcast on Comcast Cable Channel 29. Instructions for participating in this meeting are provided on the Township's website at www.twp.montgomery.nj.us."

3. Mayor Jaffer led the Salute to the Flag.

4. **YOUTH LEADERSHIP COUNCIL AD HOC COMMITTEE**

Mayor Jaffer stated that over the past few years, the Governing Body has been thinking of ways to incorporate more youth voices in the municipal governance. She and Administrator Nieman spoke at two sessions of the Montgomery High School Business Festival in 2019. She introduced Montgomery High School students Jordan Spector and Grace Johnson who have shown interest in heading the Youth Leadership Council Ad Hoc Committee. She appointed these two students as Co-Chairs of the Youth Leadership Council Ad Hoc Committee. She stated that this will be a continuing conversation as this is a very first step in getting this process started.

Jordan Spector, President of the Montgomery High School Class of 2021, stated that he has seen quite a bit of student engagement and explained that during this COVID-19 pandemic it has come to light just how powerful this generation is dealing with current affairs and using their voices for change. He stated that a few weeks ago he approached Mayor Jaffer to see if there was any way that the youth engagement could continue and to have a connection with the Township's leadership. The members of this committee would sit in on different committee meetings to see how local leadership is run, then they would meet with the Mayor and other community members to discuss issues and topics.

Grace Johnson explained that her involvement began recently when she became involved in the Monty4Justice campaign. This organization has been involved in reforming the curriculum at the high school to be more inclusive and diverse and they have also been involved in community outreach. She expressed her gratitude for allowing her to part of the committee.

Deputy Mayor Schuldiner and Committeeman Huang thanked Jordan and Grace for stepping up and hope that they will bring a new perspective to the Township.

Committeewoman Keenan thanked Jordan and Grace and said she hoped that they will make sure that this does not become exclusive versus inclusive in the approach. She stated that the committees in the Township will be very excited to have more youth input and that it is necessary and welcome. She urged everybody to attend meetings of the various boards/committees/commissions at any time.

5. **COVID-19 VIRUS UPDATE**

Health Officer Stephanie Carey stated that, as of August 5, Montgomery Township has had a total of 136 cases of the virus. She stated the following three important rules for people to follow:

- Wear a mask;
- Follow social distancing rules;
- Stay home when you are sick.

Ms. Carey stated that the contact tracers are continuing to reach out to air travelers who have been identified through the airport screening processes. If anyone has travelled to any of the 34 hot spot states listed on the New Jersey website, upon their return they should stay home and self-quarantine for 2 weeks. She reported that they are working with businesses who have employees who travel for work to establish policies regarding home quarantining.

She reported that they are continuing to partner with the school district, the business community, and the regulated industries to give them the guidance they need to be able to continue to reopen safely.

The Health Department is now starting to plan their Fall Flu Clinic and working on drive-through and appointment models for this. They are encouraging people to get the shot as soon as the vaccine becomes available and not wait until October or November.

(Item #5 Cont.)

Mayor Jaffer stated that a significant amount of the concern in the community is about the school opening and whether people should choose to send their children in person or do virtual learning. Health Officer Carey responded that one of the things that the Health Department and the schools are discussing is called "cohorting", which is creating tightly knit groups that do not share teachers and do not intermix with other groups. She explained that the definition of contact in the case of COVID-19 is less than six (6) feet for more than 10 minutes.

Committeewoman Keenan asked if the Fire Marshal would have to approve any tent that would be set up for outdoor classes. Administrator Nieman responded that the Fire Marshal would get involved depending on how large the tent was and if there was some sort of open flame.

Committeewoman Keenan asked if there was some kind of information that could be distributed to businesses who have employees that travel. Health Officer Carey responded that her office would get a flyer out on this topic. Committeewoman Keenan inquired as to the protocol for business employees who don't want to wear masks. Health Officer Carey responded that the Health Department and the Police Department are working together for enforcement of the Governor's orders. She stated that they are primarily doing educational visits to establishments who are not complying with the Governor's Executive Orders. She explained that people should call the Police non-emergency phone number if they feel an establishment is not in compliance.

Deputy Mayor Schuldiner asked if Montgomery has had any issues with large indoor gatherings. Administrator Nieman responded that since the Governing Body passed an ordinance several years ago restricting short-term property rentals, there have been no occurrences.

6. MONTGOMERY MUNICIPAL CENTER PRESENTATION - Pradeep Kapoor

Mayor Jaffer explained the long history of the new Municipal Center project. There had been a Town Hall meeting in 2019 where there were many concerns and suggestions brought up. Shortly thereafter, a design subcommittee was formed to look at refinements. They held numerous meetings to go over the plans and the plan that is being shown tonight is the outcome of those meetings.

Pradeep Kapoor of DMR Architects presented the plans and explained each section individually. The existing cemetery and conservation easement on the property would not be disturbed. He stated that Dobco Construction was the lowest responsible bidder with a bid of \$25,475,000.00. Administrator Nieman explained that Dobco has a history of working on numerous school and institutional buildings and has almost 30 years of experience in this field. He discussed the bidding process and explained how the bid was awarded.

Mayor Jaffer asked about the video screens in the Council Chambers portion of the building. Mr. Kapoor responded that the public would be able to see these screens from anywhere as they added screens to the back of the room also.

Committeewoman Keenan asked if the furniture and shelving in the library portion of the building was modular and movable. Mr. Kapoor responded that they were. Mayor Jaffer and Committeewoman Keenan expressed their happiness in seeing the children's story room that was added.

Committeeman Huang asked if any adjustments needed to be made to the plans in terms of the HVAC system in light of the COVID-19 pandemic. Administrator Nieman stated that the new building's ventilation system will be much better than the current building's system. Mr. Kapoor explained that the new Municipal Complex will have a state-of-the-art heating and cooling system. Administrator Nieman stated that there will also be individually controlled thermostats in the new building. Committeeman Huang also asked about the timeline on the construction. Administrator Nieman responded that the building is anticipated to be complete within 540 days, dependent upon the weather. There was discussion about the funding and bonding for this project. Chief Financial Officer Pitts stated that they would be going out for bond sale by the end of August.

Deputy Mayor Schuldiner spoke about some of the tariffs that were put on imported steel. He asked how that was incorporated into the bids and if the tariff goes away, who gets those savings. Mr. Kapoor explained if the tariff is raised, the contractor will have to absorb that. If the tariff goes lower or goes away, the contractor gets that savings.

Committeewoman Keenan inquired that if the standards change due to COVID-19, how would that be handled. Administrator Nieman explained that if it fell outside the parameters of this bid and were mandated, there would have to be a change order. Chief Financial Officer Pitts stated that there were contingencies built into the costs.

Committeewoman Keenan asked if there were any incentives for the contractor to finish the project early or any penalties for late finish. Mr. Kapoor answered that there were not any incentives for early completion. He explained that the contractor is supposed to be filling out a daily schedule, and if there is a delay for a reasonable explanation, there would be no penalty for a delayed finish. There will be a project manager on site, who will report to the County and the Township Administrator. The Township Administrator will then update the Governing Body on the progress.

7. **PUBLIC COMMENT**

Township Clerk Donna Kukla read the following comments from the public:

- 7-1. Ewa Zak, Griggstown Road, spoke about the need for windows that open in the new Municipal Complex. Mr. Kapoor responded that a lot of the windows will be able to be opened.
- 7-2. The following residents expressed their support of the new Municipal Center:
 - Shahab Khan, Heritage Way
 - Samira Ghani, Woodchuck Drive
- 7-3. Jack Garhart, Bayberry Lane, asked when a list of the final bidders for the new Municipal Complex would be released. Administrator Nieman responded that he would have this list posted on the Township's website.

Mr. Garhart asked about if there would be trees planted around the new Municipal Complex's parking lots to limit lights and noise that could impact surrounding neighborhoods. Mr. Kapoor responded that there would be trees planted in and by the parking lots. Administrator Nieman stated that this building is being situated on the property so that it would not impact any neighborhoods and would have much less of an impact than the previous buildings on the property.

Mr. Garhart asked if anything would be done to limit the light, noise and dust impact to the surrounding neighborhoods during construction. Administrator Nieman explained that there are dust control requirements for any construction project as well as silt fencing. There are also Township noise ordinances which must be adhered to. Per the bidding specifications, there would also be no night or weekend work being done, unless there was an emergency. Bill Morris, project manager, explained that there may be occasions where the contractor will work on a Saturday but it will not be often and any off-hour work will be coordinated with the Township ahead of time.

Mr. Garhart asked about the total cost of the capital assets such as the building, furniture and other physical property being transferred from the Township to the Board of Education. Attorney Van Hise explained that this is a situation where the municipality has certain assets, predominantly a building and furniture, that is no longer needed by the municipality for public use. He explained that there would be a cost to the municipality to demolish the building and a cost for the Board to construct another needed facility at that site. The building belongs to the municipality, but the land that the building sits on belongs to the Board of Education. There will be more discussion on this subject at the public hearing which will be scheduled for August 20. Chief Financial Officer Pitts stated that the value of the building, on the Township's books, is approximately \$170,000.00. The Township would be keeping the PC's and other valuable items.

Mr. Garhart asked about the impact to the Municipal budget with multiple reports saying aid to towns will be greatly reduced. Chief Financial Officer Pitts stated that the State distributed a Local Finance notice on August 4 saying that the State Aid is going to be certified at what they initially told Montgomery Township. He explained that the Township's State Aid is not changing for 2020.

- 7-4. Skip Carter, Route 601, spoke about the lack of high-speed internet connection in the area of Route 601 between Broadway and Dutchtown-Harlingen Road. He asked if the Township would consider earmarking the franchise fee revenues collected from each of the communication providers to improve Montgomery's last remaining "unpaved" communication highways. Administrator Nieman explained that the Township would have to request Comcast to extend the connection in that area and pay them if they were willing to do the work. He stated that the Township only receives approximately \$50,000.00 per year from both Comcast and Verizon and it would be a substantial cost to do the work throughout the Township. Mayor Jaffer stated that the Governor has spoken about the need, especially for school children, to have access to high speed internet. She asked if this was something that could be done in partnership with the Board of Education or the Governor's office. She suggested looking for creative solutions.

- 8. **CONSENT AGENDA** - All matters listed hereunder are considered to be routine in nature and will be enacted in one motion. Any Township Committeeperson may request that an item be removed for separate consideration.

16-1. **PURPLE HEART DAY**

Committeeman Huang reported that National Purple Heart Day will be August 7, 2020.

16-2. **BUSINESS TASK FORCE**

Committeewoman Keenan reported that the Business Task Force will be scheduling another Public Forum with the businesses. Some of the topics and comments regarding COVID-19 are going to be discussed. She also felt it would be good to have someone like Zoning Officer Joseph Palmer in attendance as well. There is also a need to determine how many businesses are in town, how many there were prior to COVID-19 and how many there will be going forward. This would be including home-based businesses where there is no public access.

16-3. **ECONOMIC DEVELOPMENT COMMISSION**

Committeewoman Keenan reported that the Economic Development Commission discussed businesses in town and how they were impacted by COVID-19. The physical business directory will be mailed to homeowners within the month. They also discussed putting the directory online in the future.

16-4. **ENVIRONMENTAL COMMISSION**

Committeewoman Keenan reported that the Environmental Commission has started to get an introduction to the Green Infrastructure and some of the State mandates that are happening. The Environmental Commission is working with a private company to go over the Township's ordinances to see if they need to be amended or added to.

(Item #16 Cont.)

16-5. CENSUS

Deputy Mayor Schuldiner reminded everyone that if they haven't already filled out their Census form, to do so. He stated that the Census Bureau has started to send Census Takers out to homes. The Federal Government has decided to shorten the period for responses by a month.

16-6. MONTY CARES PROGRAM

Deputy Mayor Schuldiner reminded everyone of the Monty Cares program. If you are a person who has a need that is not being filled such as food, transportation etc. contact Montycares.org.

16-7. STAND CENTRAL JERSEY

Mayor Jaffer reported that she participated in a Stand Central Jersey's event on Building a Just and Inclusive Community.

16-8. UNDERSTANDING AND COMBATTING RACISM

Mayor Jaffer stated that Dr. Sandra Donnay led a workshop on Understanding and Combatting Racism on July 25. This workshop was very well attended.

16-9. TROPICAL STORM ISAIAS

Mayor Jaffer reported that Tropical Storm Isaias caused widespread power outages, downed trees and electrical wires. She stated that the Otto Kaufman Community Center will be open on August 6 and August 7 from 8:00 a.m. until 9:00 p.m. for residents as a cooling and charging center and for internet access. It will also be open on the weekend from 8:00 a.m. until 4:30 p.m. There is potable water available at the Municipal Building. The Township will be conducting curbside brush pickup beginning on Monday, August 10. Administrator Nieman asked that people try to cut their brush into 3-foot lengths and explained that the process could take several weeks to complete as there are over 170 miles of road in the Township.

16-10. MONTGOMERY TOGETHER

Mayor Jaffer reported that Montgomery Together will be having some upcoming events in the near future.

ADJOURNMENT was at 8:42 p.m. on a motion by Deputy Mayor Schuldiner. The motion was seconded by Committeeman Huang and carried unanimously.

Date of Approval:

Donna Kukla, Township Clerk
